

## Mill Slides

***Keith Andrews***

Here are some of the pictures of mills from my slides. The picture quality is not especially good, a combination of the age of the slides and the limitations of the converter, but I hope you will like them.

Eling Tide Mill in June 1980

Not much has changed except the age of the miller.

Thame Windmill in April 1967

(This was before I acquired a wife who was interested in mills and, apparently, before I had a zoom camera.)

Sutton Windmill in Norfolk in August 1982

Jack and Jill (or is it Jill and Jack? I can never remember which is which)  
in May 1984

Carew Tide Mill  
in August 1979

*Right:* Cheddleton Flint Mill  
in April 1981

*Below left:* Herringfleet  
Windpump in August 1981

*Below right:* Shipley Windmill  
in July 1985
